Such a Celebration in May.

ISpecial to The Times-Dispatch.1

NORFOLK, VA., April 2.—The Secretary of the Navy, Victor Metealf, wants a "Navy Day" at the Jamestown Exposition, and will suggest that such a day be celebrated on either May 13th or 15th. This announcement was made at the exposition effices to-day by President Tucker, who has just returned from Washington, where he had a conference with the Secretary of the Navy. There is little doubt that either date that is most desirable to the Navy Department will be set aside by the exposition company for the celebration of "Navy Day."

It is the intention of Secretary Metealf to have a review of the ships that are anchored in Hampton Roads at the time and to wind up the day's festivities with a big banquet. If this plan is carried out it will be the first time that "Navy Day" has been celebrated at any of the expositions ever held in the United States.
